

5 Simple Things **YOU** can do to help insure Clean Air in Kirksville

1. We need to build a coalition of citizens who support clean air, and those who are able to vote in the April election. Your role is simple. Talk to all your friends, family, co-workers, or strangers for that matter about clean air. Inquire about their support, get a commitment to vote yes, and collect their contact information on the attached form. Then when you have a page full of names, submit this to Breathe Easy by mailing the form to 110 West Harrison St or email the form (excel format preferred) to contact@breatheeasykv.org.
2. Do you have a special talent, skill or resource that can help this cause? Do you have a well seen yard that would be ideal for placement of a yard sign. Can you give your time to help. Email us and let us know that you are interested and how you can help at contact@breatheeasykv.org.
3. We are looking for volunteers to help us with calling potential voters. We will NOT be calling people who fill out the attached form (it is your job to make sure that they get to the polls). We are calling people that none of us know. We have all the information you need for this task. Email us if you have an hour or two and can help.
4. Any grass roots campaign requires financing. If you or anyone you know is willing to help with a monetary contribution, please let us know or share the enclosed donation forms and envelopes. Every little bit helps!
5. Join our Smoke Free Email Group at www.breatheeasykv.org.
