

We need your help!!

Dear Clean Air Ally,

I am writing on behalf of Breathe Easy Kirksville. We are a grassroots group that supports Kirksville's desire for smoke free environments. We are engaged in a highly organized and detailed campaign that will insure success on April 3rd: Election Day. A successful campaign will insure smoke free environments in all restaurants, bars, amusement facilities, and banquet facilities.

As you can imagine, our coordinated comprehensive plan includes a variety of expenses such as advertising, yard signs, direct mailers, and brochures. We ask that you help us today with a financial contribution. With your financial support and vote, and the help of others like you, we will be successful on April 3rd, and citizens of this city can *Breathe Easy*.

Your support at any level is very much appreciated!

Sincerely,

Justin D. Puckett, DC

Fundraising Chair
